ADDITIONAL RESPONSES TO VENDORS' QUESTIONS **– REQUEST FOR PROPOSAL FOR:**

1. CORPORATE VISUAL IDENTITY AND
2. WEBSITE DESIGN AND DEVELOPMENT

November 9, 2020

1) It is understood that the SOLS and OLS-North corporate websites currently utilize the Joomla CMS platform, with the microsities utilizing the WordPress platform. Can we propose an alternative?

The corporate sites for SOLS and OLS—North currently use Joomla. The microsities are a mix of Joomla and Wordpress. The RFP requires an open source solution for the development of the website and microsities. Any open source CMS platform will be considered. Only submissions with open source CMS platforms and solutions will be considered.

2) Would you like a procurement system (contract management etc.)?

No, a procurement system is out of scope for this RFP.

3) For the LMS are both able to do Single Sign On?

The LMS, LearnHQ.ca, is able to do Single Sign On. There is no sign on requirement for resources.learnhq.ca. Single Sign On is not a requirement of the RFP, but if proposed, it will be considered.
