Re: Re-usable bag program for Ontario Libraries

Good day to all. My name is Wendy Southgate and I am with Grauman Packaging in Toronto. Grauman Packaging would like to offer the Library members of SOLS and OLS-North a comprehensive re-usable bag buying program. You have the choice of a number of different non-woven (grocery type) bags as well as a cotton canvas bag. These bags can all be customized with your own logo and your minimum order quantity is only 1,000 pieces.

You have the options as well to custom design your bag with full colour process print, in any size and with any type of material. There is a minimum order of 5,000 pieces for these special orders. Please don't hesitate to inquire.

Please see attached price list and descriptions. If you have any questions, or if you would like to see something on the list which I haven't included, please don't hesitate to get in touch with me.

Thanks so much
Wendy Southgate

Min order 1,000 bags per size/style
